Tamalpais Fire Association

Mill Valley, Cal.

PRESIDENT, ROY C. WARD — TREASURER, F. F. BOSTWICK
FORESTER AND SECRETARY, F. E. OLMSTED

It pays best to PREVENT forest, brush and grass fires from starting.

It pays well, if fires start, to put them out AT ONCE, before they grow large.

Prevention is the best insurance against conflagrations.

Prevent Fires From Starting

The best use of Marin County calls for constant vigilance against damage from forest, brush and grass fires. The PREVENTION of fires is vital to the safety of life, to the preservation of homes, and to the lasting usefulness and beauty of the mountain play-ground of which Tamalpais is the centre.

The privilege of enjoying these hills carries responsibilities. Be sure to—

Break your match in two before you throw it away.

Stamp out lighted tobacco before you leave it.

Make camp fires at authorized places only, under a written permit from a fire patrolman.

If a fire spreads beyond your control, keep cool, think quickly, and call upon the organized fire fighting forces of the Tamalpais Fire Association for assistance.

Such forces are located at Mill Valley, Corte Madera, Larkspur, Kentfield, Ross, San Anselmo, Fairfax, Woodacre, San Geronimo and Lagunitas. Agents at Tamalpais Tavern, West Point Inn, Muir Woods Inn, Phoenix Lake and Lagunitas Gun Club.
